WIRELESS FROM SANTA: ARRIVES IN TOWN SATURDAY.

The Porteous & Mitchell company of this city is in receipt of a wireless message from Santa Claus, stating that he would arrive in Norwich on Saturday, Dec. 4. He reports that owing to the unusually mild weather, he is having a delightful trip from his home in the far north and expects to get here on schedule. As usual, he will come over the Norwich and Willimantic trolley line, having chartered a special car for the occasion. He is due at Baltic at 3 p. m., Oct. 2.10, at 2.15, Greenville at 2.30, and will arrive at Franklin square at 2.45.

JOHN BARNES WELLS.

Well Known Tenor to Appear in Musicals at New London Next Tuesday.

In announcing a musicale to be held in New London next Tuesday, Dec. 7, at 8.15 o'clock, in Union lodge hall, those who have the arrangements in charge are sure that they are offering a most attractive programme for the lovers of good music.

John Barnes Wells, tenor, who is no stranger to the Norwich community, and whose wonderful voice is used with perfect taste, to add new beauties to the songs he gives in the following in the programme with him:

Mrs. Frances Slater Palmer, concert pianist, George D. Kinney, late of the "Smokarole" and put in waxed paper packages of six "Smokarole," the whole package being about the length and diameter of a cigar, in this manner six pipe loads of tobacco can be carried in the pocket space of a cigar. Four packages of "Velvet Smokarole" are put in a standard ten cent tin, are sold for a dime.

AT THE AUDITORIUM.

Brother Officers, English Military Drama, Paramount Feature Today and Saturday.

Following is a criticism from one of New York's leading papers on the Paramount feature, the comedy drama, booked at the Auditorium for today and tomorrow:

Brother Officers, which was the feature at the New York Strand theatre a short time ago, is one of Harold Shaw's productions made in England, and while not among the best of the European war, as many of the London Film company's offerings have, it is exceedingly interesting.

Bannister Morvin, whose name has become familiar to American exhibitors by his previous stories for the English concern, presents a "howl" in the English army. Combined with the subtitles falling in the same part of the picture, written and directed by these scenes are genuinely laughable.

Three excellent vaudeville acts will also be on today's programme.

DAVIS THEATRE.

Theda Bara, the Famous Vampire Woman in the Five Part Fox Feature, "Sin," Today and Tomorrow.

Theda Bara, supported by William E. Shay and an extraordinary cast in "Sin," the artistic and realistic modern drama in five acts, a William Fox offering, will be shown at the Davis theatre Friday evening. In the photo play Miss Bara appears in the role of Rosa, a lovely daughter of the passionate Italian who is loved by Lucretia, a wood cutter. The love affairs of Luigi and Rosa are interrupted by one Pietro, a dapper Americanized Italian. During the feast day of the Madonnas of Mt. Carmel, that part of New York known as Little Italy, Ouis gaster, who is bitterly opposed to Pietro, tells Rosa that his love for her is strong enough to induce him to steal the sacred jewel from the breast of the Madonnas, to which she replies: "To such a man and to such a man only would I give myself up, to my inmost soul."

From this point on Sin sweeps straight and sure with a mighty and overwhelming climax.

The vaudeville attraction for the last of the week is the Arco Brothers, the modern Samsons, who present one of the finest artistic and realistic modern drama in five acts, a William Fox offering, will be shown at the Davis theatre Friday evening. Other Mutual Movies and comedies complete the show. Matinee at 2.30, all seats 10 cents, children 5 cents.

Harry Lauder. The chief of Harry Lauder's private car, Mayflower, is a Scot whom the comedian carries the world around because he loves his porridge, his skong and other typical Highland dishes. The chief's name is Gregory McGregor Gregg, and his private car is the "Mayflower." Gregory has a dark assistant cook who knows more about porridge than porridge.

"How do ye like workin' on this car-r?" asked Gregg of his helper. "Ye'r so-so," was the answer.

The State Fire Engine company, H. J. Gibbs, chairman, Frank W. Stritch, Elias Stokett, Frederick Kingsley, Jason Kingsley, Edward Smith, Michael Reardon and Ellis Bentley, has been fortunate in securing the all-star Keystone Komedians for entertainments, at Yantic this evening, Colchester Saturday evening and Lebanon Monday evening.

Colchester. The Colchester Fire Engine company, H. J. Gibbs, chairman, Frank W. Stritch, Elias Stokett, Frederick Kingsley, Jason Kingsley, Edward Smith, Michael Reardon and Ellis Bentley, has been fortunate in securing the all-star Keystone Komedians for entertainments, at Yantic this evening, Colchester Saturday evening and Lebanon Monday evening.

Lebanon. The Lebanon Fire Engine company, H. J. Gibbs, chairman, Frank W. Stritch, Elias Stokett, Frederick Kingsley, Jason Kingsley, Edward Smith, Michael Reardon and Ellis Bentley, has been fortunate in securing the all-star Keystone Komedians for entertainments, at Yantic this evening, Colchester Saturday evening and Lebanon Monday evening.

COLONIAL THEATRE.

Comus Company, in Relucting Musical Melange—Entirely New Bill.

Again, the Comus Musical Comedy company, achieved a triumph at the Colonial theatre, for packed houses have been the rule ever since they opened their engagement Monday, and last night was no exception. Today's bill is entirely new, and presents the splendid little drama entitled, "The Fifth Commandment," a really powerful little playlet, in which the company appears in its entirety.

Miss Nina Graham, the dainty little ingenue of the cast, presents a charming turn, which serves to show off her wonderfully clear voice. Today she will sing "You Know Why I Love You," an up-to-the-minute song, with captivating dance. Miss Harriet Moran, first soprano of the International Italian Society, will be heard in "Cosima" today in response to a general request for it. Miss Kathryn Deem, another of the sopranos, with a big voice, will render in her act, "Good Bye, My Lover," a song that has caught on with the public with terrific force, and she will sing in the same act, "I'm a Soldier," a song which is exceedingly difficult.

"BIRTH OF A NATION" To Be at the Orpheum, Danielson, Monday, Tuesday and Wednesday.

The Birth of a Nation, the greatest motion picture ever produced, will be at the Orpheum, Danielson, Monday, Tuesday and Wednesday of next week. This great spectacle will be given in large cities. There are 18,000 people in the production, three horses, 5,000 scenes. As our readers know the plot of the drama deals with the relationship of the slavery question to the development of America and its final solution. It is the work of a master of disputing states there arose the mightiest nation in the universe.

"With history as its background, read of the plot of fundamental dramatic appeal and evolved a story of such prodigious details that its bigness alone is a feat. It is the work of a master dramatist, who has a story to tell and sets about creating an epoch with its resolutions. He dramatizes the moving force of vast numbers of people and as his means of expression is the camera of the highly developed motion picture art he is not confined by any of the narrow limitations, which have heretofore hindered stage spectacles.

Patents granted on "Smokarole" and "Smokarole," designed to make pipe smoking more convenient.

Washington, D. C., Dec. 2.—The United States patent office has recently granted patents on two distinct innovations in tobacco smoking, "Velvet Smokarole" and the "Smokarole Pipe."

The "Smokarole" is a pipe put in waxed paper packages of six "Smokarole," the whole package being about the length and diameter of a cigar, in this manner six pipe loads of tobacco can be carried in the pocket space of a cigar. Four packages of "Velvet Smokarole" are put in a standard ten cent tin, are sold for a dime.

The object of this new form of tobacco is to save the waste that ordinarily comes from loading a pipe with loose tobacco and to provide the smoker with a pipe load that is packed to just the proper density for smoking to the best advantage.

The cylindrical form of the "Velvet Smokarole" is claimed as one of its chief advantages, insuring the complete burning of the pipe load and also its firm retention of the ash, even when smoked in a breeze. It is further stated that the form of the "Smokarole" prevents the pipe from getting into the bottom of the pipe bowl and the stem and prevents the pipe from becoming strong in taste and odor.

As a further protection, "Velvet Smokarole" have a coat of thin, white waxed paper covering the pipe load, and the "Smokarole" is smoked in the ordinary pipe intact, either with or without the coat of waxed paper. "Smokarole" may be crushed before loading.

The "Smokarole Pipe," specially designed for use with "Smokarole," may be carried in the pocket like a cigar holder, which it very much resembles. The absence of a "howl" in the "Smokarole Pipe," it is claimed, makes the pipe much easier to keep clean than an ordinary pipe and consequently insuring a longer life.

The makers of the "Smokarole Pipe" especially recommend it to outdoor smokers and those actively engaged in sports, owing to the fact that it retains the ash even in the wind, and in spite of sudden movements on the part of the smoker.

TREAT CATARRH BY NATURE'S METHOD

Every Breath of Hyamel Carries Health—The Neglected Airm to the Infected Membrane

Nearly every one who has catarrh knows how foolish it is to try and cure it with sprays, lotions, and the like. Temporary relief may be given, but cure seldom comes.

Probably have said the only way to get catarrh would be to have a change of climate; but now there is a simple preparation called Hyamel you can carry about with you in your vest pocket and by breathing it a few minutes four times a day successfully treat it.

The complete Hyamel outfit is inexpensive and consists of an inhaler that is used before the public, there is a medicine dropper and a bottle of Hyamel. The inhaler is a simple device, if one bottle does not give permanent relief an extra bottle of Hyamel can be ordered at any time for a trifling sum. It is more economical than all remedies for catarrh, and is the only treatment known to us that follows nature in her method of treating diseases of the respiratory organs.

It is good to have a great many Hyamel outfits and the more they sell the more convinced they are that they are performing a great service to the world by the money Hyamel does not relieve.
